

PAVRO Conference 2020 partnering with Learn2

Creating Connections Day 1 Thursday, October 1st, 2020

Communicate Naturally and Get Connected!

Building meaningful relationships and creating strong connections are the cornerstone to great volunteer engagement. Effective communication is at the centre of both. In this opening session we will explore our natural communication approaches, learn more about others and find ways to quickly adapt our behaviour to connect effectively with others!

This interactive session will begin more than a week BEFORE Day 1 of conference and the impact will last long after conference wraps up – you will be DOING as you learn and LEARN as you are doing!

Through Communicating Naturally participants Learn2

- Realize that communication difficulties are primarily about different preferences.
- Understand and value the contributions of others
- Earn trust and confidence
- Present, listen and receive information in a manner that is natural for each person.
- Appreciate the connection between people's communication preference and work style.

Communicate Naturally is an engaging and memorable program that creates the optimal conditions for learning – immersion, teamwork and fun – and inspires lasting results.

Our plan for each day:

9:00 am
Registration Open

9:30 Conference begins

10:45 Break

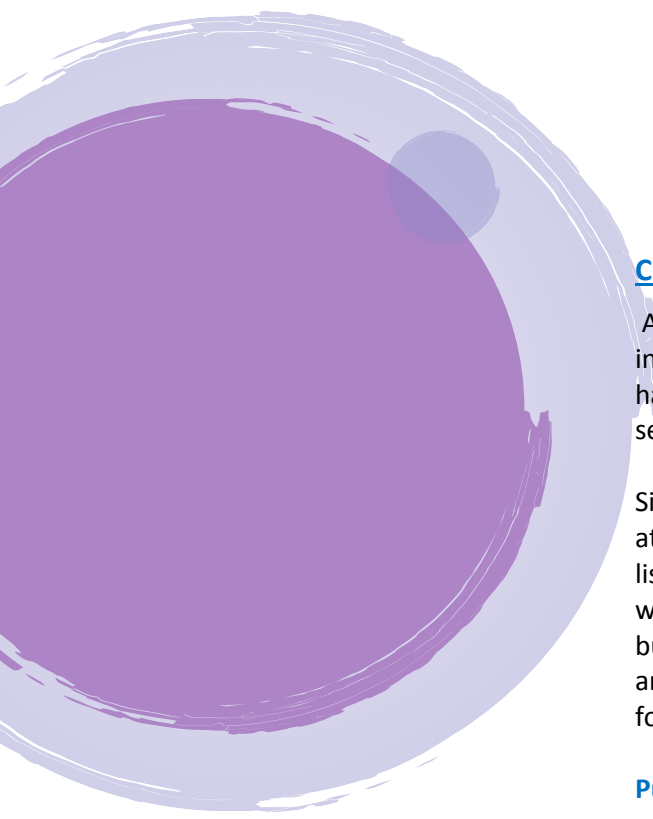

11:00 back to conference
With a wrap at 12:30

After you sign up for Conference:

1. You will be given a link to the Zoom platform where you will conduct a test of your computer and Wi-Fi to make sure your attendance and participation is guaranteed.

2. You will also be sent a link to a survey to help Learn2 determine prior to the conference where your strengths are and identify your groupings. This prior knowledge helps to streamline our virtual conference.

Creating Connections Day 2 Thursday, October 8th, 2020

As always, the PAVRO LiVE conference has a pulse on the important information you need to enhance your skills, education and career. 2020 has been quite a different year so far and we expect that to continue for several months!

Since we just can't predict what the most important information will be at the time, we are letting YOU choose – Throughout Day 1 we will be listening to your questions and comments and as the day wraps up we will ASK YOU what you want to walk away with on Day 2...we will then build it and design it that week!! We will continue to focus on connection and relationship development with maximum interaction and participant focused conversations – all virtual, all impactful, all in!!

Pulling it all together – That's a Wrap!

What better way to leave a Conference than with a plan, an expanded network and a renewed connection to your work and each other! In this final session of Day 2 we will focus on what we have learned, make new commitments to ourselves (and each other) and use our new connections to bridge the gap to a new future for ourselves and our work!

As we say good bye to our virtual conference, we will make plans to connect with each other in new ways and prepare to approach our work differently - with a renewed purpose, plan and pathway to success. We will truly be "Creating Connections".
